AYURVEDIC VARIETIES

Ayurvedic is the world oldest famous doctrine of life and health, and comes from the advanced Vedic civilization of ancient India. The knowledge has been passed on orally for thousands of years.

The word Ayurveda comes from the Sanskrit words Ayur (life) and Veda (knowledge) and can be translated with "wisdom of life" or even "science of life" The Ayurvedic doctrine is described as the "integrated combination of the empirical doctrine of nature and philosophy" which focuses on the physical, mental, emotional, and spiritual aspects which are necessary to our health. These can be summarized as temperaments (energies) and are the so-called Doshas:

Vata (wind, air, pnuma), Pitta (fire and water; chole), Kapha (Earth and water; phlegma).

The essence of the Ayurvedic doctrine is that the Doshas should be harmoniously balanced, and this can be supported with the help of the strength of certain spices.

You will find the perfect balance for your energy in our Ayurvedic teas. In our herb tea blends, you will find the ideal symbiosis from the Ayurvedic teachings, and European imagination and expectation of taste. Have you ever looked for a different "tea?" Then you will find it here. These intense varieties of taste do not contain any additional favoring.

HISTORY OF TEA

Legend has it that tea was invented—or discovered—by the Chinese emperor Shen Nung in 2737 BC when some leaves blew into a pot of boiling water that his servant was preparing. What is certain is that containers for tea have been discovered in tombs dating from the Han dynasty (206 BC to 220 AD). By the time of the Tang dynasty (618-906 AD) it was so popular that a writer called Lu Yu wrote the first book devoted to tea, the Ch'a Ching ("Tea Classic"). A little time later, Japanese Buddhist monks who had visited China to study took the beverage back to their home country, where it soon became an important part of their culture.

Tea was introduced to Europe in the 1600s; it was introduced to England in 1669. At that time, the drink was enjoyed only by the aristocracy, because a pound of tea cost an average British laborer the equivalent of nine months in wages. The British

began to import tea in larger quantities to satisfy the rapidly expanding market. Tea became Britain's most important item of trade from China. All classes were able to drink tea as the tea trade increased and became less of a luxury. Now, tea is low in price and readily available.

The word "tea" was derived from ancient Chinese dialects. Such words as "Tchai," "Cha," and "Tay" were used to describe the tea leaf as well as the beverage. The tea plant's scientific name is *Camellia sinensis* (which is from the Theaceae family of the Theales order), and it is indigenous to China and parts of India. The tea plant is an evergreen shrub that develops fragrant white, five-petaled flowers, and it is related to the magnolia. Tea is made from young leaves and leaf buds from the tea tree. Two main varieties are cultivated: *A. sinensis sinensis*, a Chinese plant with small leaves, and *B. sinensis assamica*, an Indian plant with large leaves. Hybrids of these two varieties are also cultivated. What we call "herbal tea" is technically not tea, because it does not come from the tea plant; but consists of a mixture of flowers, fruit, herbs or spices from other plants.

Today, there are many types of teas to choose from, because over 25 countries cultivate tea as a plantation crop. Tea is well-enjoyed in different styles by drinkers with different cultures. Tea is now the world's most popular beverage besides water. Since its discovery many centuries ago, it has played an important role in events, ranging from mystic to gilded to simply comforting. In China, tea remains a fixture of daily life, as it has for centuries. Buddhists focus on peace and simplicity while using it in a ceremony that can take up to three years to perfect. For the English, the "tea break" is a cultural touchstone, and for many Americans today, iced tea is a beverage that is as expected at a table as family and friends. Whatever your tea experience may be, one thing is certain: Every sip reaffirms your part in a remarkable, timeless story. ●
